OFFICE NOTE.

Subject.
Constructing a new Chattram at Hassan.

LAST REFERENCE:—

Letter No. 286 dated 25th October 1904, from the Deputy Commissioner, Hassan District.

The Govt Aruna Chattram at Hassan has been endowed with a cash grant of Rs 688-8-0 per annum

Between the years 1894 and 1898, repairs of the value of Rs 902-14-9 had been made to the Chattram as per estimates sanctioned by Govt from time to time.

X. Govt Pro. No. 411-2 dd Muzrai 61-93 23rd September 1898. Flag N.

In the beginning of the official year 1901-02, petitions were received in this Office from the residents of Hassan, stating that the

Chattram building was in a very dis
repaired condition and required urgent
repairs and complaining that the
feeding thereon had been stopped and
that the local authorities were con-
templating to construct a new building
outside the town of Hassan and remove
the Chattram there to, but that such a
removal would cause inconvenience
to travellers The Deputy Commissioner
was addressed on the subject, and he
(Mr D Devaraj Urs) reported that the
old Chattram building was such a
dilapidated condition that it would
cost about a thousand rupees to put it
in order, but that the same being
situated in a very unsanitary locality,
he had proposed that a new building
near to the town, the Courts and the tank
might be erected, and the materials
of the dilapidated Chattram being sold
and utilised for the new construction,

x in his letter no 409 dy 16th Feb 1903

and that until its completion, he had ordered the stoppage of feedings, from the 1st April 1902 to accumulate funds.

The Deputy Commissioner not. P.R.W Wetherall, who was thereupon requested to submit a report together with plan and estimate for the construction of the new Chatham, has now forwarded a plan and an estimate for Rs 6,503/- and states that the site on which the new building was proposed to be constructed by his predecessor is a cart stand, for acquiring which nothing has to be paid, but that the townspeople are in favor of the new building being erected on the old Chatham site itself. The Deputy Commissioner adds that if the wishes of the townspeople are to be granted, the old Chatham site is not spacious enough for a suitable compound for the proposed and that some of the houses on the

4

north and west of it will have to be acquired separately, and recommends that as only Rs 1,927-2-10 are available at the credit of the ~~Devasthanam~~ Chatram at the end of August 1904, the balance of the estimated cost, viz Rs 4,575-13-2 will have to be met from State Funds.

There is also an old Anjaneya ~~Temple~~ temple on the old Chatram site.

The Nuzrai Secretary inspected the Chatram in September last, and concurrently with me, he was of opinion that the new buildings for the Chatram should be constructed in the town and on the old Chatram site.

Subs for orders

The Estimate is much larger than what I expected.

However, please enquire what the acquisition of the tiled houses to the north and west of the Chatram site would cost.

Ask also whether the whole Jaedek amount is saved every month or whether any servants are still paid, and if the latter, how they are employed.

Note continued

The above enquiries were made of the Deputy Commissioner, and a subsequent petition of the 2nd February 1905, received from one Seetamma widow of Mr C Raghavendra Rao, Science Assistant in Hassan High School, praying that her house which was situated in a healthy locality at the place might be purchased from her for the location of a Chatram therein, was also forwarded to the Deputy Commissioner for a report on the suitability of the building for Chatram purposes.

Not having received any reply to the above communications, and as the construction of the ~~Chatram~~ Chatrams formed a subject of the D. R. A of 1904, the Deputy Commissioner was requested to expedite the submission of his report.

The report is now received. In it

MGCPB—3,500—15-10-04.

the Deputy Commissioner says that the cost of acquiring the houses and sites situated to the north and west of the present Chattram site amounts to Rs 2028/- as per mahazar of the townspeople, and this together with the cost of re-constructing the Chattram as per Estimate submitted by him comes to Rs 8531/-, but that there is only Rs 2167-2-9 available at the credit of the Institution.

As regards the house of Seetamma however, the Deputy Commissioner says that the value of it is Rs 1920/- as per the townsmen's mahazar, that though situated in a healthy locality, it is too small and unsuited for a Chattram and will require an additional sum of about Rs 2500/- to complete the unfinished works in the house and to construct outhouses, compound walls and for deepening the well, and that the building is an uncentral portion of the town far away from the town streets &c.

With reference to the site near W
the car stands at the South western Extension
of the town proposed by Mr D Devaraj Urs,
the late Deputy Commissioner of the Hassan Dt,
the present Deputy Commissioner considers it best
suited for Chattram purposes, both from a
sanitary point of view and from its near-
ness to the town He however says that
the towns people would have the Chattram
built on the old site itself as it would be
near the Kesavadevaru temple and would
be most central and convenient for any
marriages or temporary lodging of the
Gurus and others who would visit the place.

Out of the Jandik allotment
of Rs 57-6-0 per mensem assigned to the
Chattram, a sum of Rs 18/- as particularised
in the margin is utilised, and the balance
of Rs 41-6-0 saved and credited to
the funds of the Institution

Rs 6 for Muzrai Gumastah
Rs 3 for Pavram K Panchanak.
Rs 6 for cook for keeping Kannarese Register in the District Office.

In conclusion, the Deputy Commissioner

brings to notice that much inconvenience is felt by the travelling public for want of an annachattram and recommends that, pending the construction of a new building, feeding may be revived in the Krishnappa's Chattram, the managing proprietor of which has consented to place some of its rooms at his disposal for the purpose recommended by him.

2. The construction of the Hassan Chattram was one of the subjects brought forward during this last D R et and the Muzrai Secretary's Remarks thereon were :-

"The question of re-constructing a "Chattram may be disposed of on receipt "of the Deputy Commissioner's reply."

"Until a separate building is "constructed, the feeding may be "revived and conducted in Krishnappa's "Chattram."

Muzrai Secretariat. File No. of 190

Muzrai Secretary's Remarks.

As regards the selection of the site for the new Chattram, there is no doubt that the space occupied by the old dismantled Chattram near the Kesavadevaru temple is very small and the acquisition of the neighbouring houses will increase the cost of the proposed new construction by nearly Rs 2,000/-. I would therefore agree to the suggestion of the Deputy Commissioners, messrs Devaraj Urs and Wetherall, that the new Chattram should be built on the cart stand site in the South west corner of the town. The extent of the site is very large, and it is stated that it would not cost anything further, it is understood that the proposed Railway Station will be fixed near this spot.

As regards the finding of funds, it will be seen that the estimate for the work is Rs 6,503/-, and that there are Rs 2,167-2-9 at the credit of the Institution, and that

therefore Rs 4,335-13-3 ~~should~~ have to be provided by Government I regret to say that it is not possible to provide such a large sum from the ordinary State Grant of Rs 15,000/-, taking into consideration the requirements of dilapidated temples The only way of getting the necessary funds seems to be to continue the stoppage of feeding which was ordered by the Deputy Commissioner in April 1902 It is reported that out of the monthly cash grant of Rs 57-6-0, a sum of Rs 42/6/0 is saved monthly. Rs 6/- are paid as part of the pay, namely Rs 10/-, drawn by the Muzrai Gumastah of the Taluk. Rs 6 & Rs 3 are paid to the cook ~~and peria chavadi~~ working in the District Office, and ~~Rs 3/-~~ to Puranik respectively. I think that the Rs 6/- given to the Muzrai Gumastah, and Rs 3/- to the Puranik maybe continued, and the balance saved. Thus the expenditure out of the Tasdik Grant will be only Rs 9/-, so long as there is no Chattram building, and there will be a saving of Rs 48-6-0 per mensem This maybe accumulated and used for the construction of the new Chattram. The existing

site of the old Chattram maybe also sold to the highest bidder, the Anjaneya idol placed in the court yard of the Chattram being removed to the neighbouring temple of Kesava Dewaru and worshipped there temporarily.

In the matter of the allowance of Rs 6 paid to the Surgical Hospitals from this Chattram, which has been ordered to be discontinued, I beg to point out that during the opening of the Chattram Establishments in the Hassan District by the late Surgical Secretary in 1897, a Surgical Hospital for each of the Talukas of Hassan, Arsikere, Manjarabad and Channarayapatna, was appointed under the orders of Government, on a salary of Rs 10 per mensem, the charge being met proportionately from the Chattrams in the respective Talukas - Accordingly the Surgical Hospital of the

Gumasta of the Hassan Taluk was ordered to be sent from the municipally noted two chattrams. If as now directed, Rs 6 from the Hassan chattram are discontinued, the municipal Gumasta will then be getting only Rs 4 from the chattrams at Grama - If on the other hand, it is intended to abolish the municipal Gumasta's appointment in the Hassan Taluk, then an order will have to issue discontinuing the allowance of Rs 4 from the Grama chattrams also -

Recognising this difficulty, Rai Bahadur Mr Sreenivassa Charlu ~~arranged~~ provided for such Gumastas in a few Talukas, arranging for their pay being contributed from the savings of specified temples & Chattrams. The Gumasta of the Hassan Taluk comes under this class, and I beg respectfully to recommend that his allowance of Rs 6 paid from the Hassan Chattram may be kindly continued - I have accordingly made a slight alteration

Note Continued —

In Government Pro no 3639 D/1st March 1906, the Deputy Commissioner was requested to reconsider the question of the construction of ~~an Annex~~ on the old site of the Chattram at Hassan and directed that the pay of the chattram Cook may be discontinued

no 44/5 D/18th Jan 06. In reply, the Dy Commissioner states that there is no objection for the construction of a chattram on the old site, provided that certain houses adjoining it are acquired as requested in his Letter no 315 D/19th September 1905. The amount of the Compensation for the houses to be acquired will be Rs 2028/- excluding the cost of construction

With reference to the services of the Cook, he invites attention to para 5 of his letter read above, stating that much inconvenience is felt by travellers for want of a chattram and that pending construction of a new chattram, the feeding may be conducted temporarily in

File No.	of 190	Muzrai Secretariat.

Vasavi Koshuappa's Chatram at the place and soliciting Sanction for the same If the Govt are pleased to Sanction the said proposal, it is submitted that the service of the Cook will be very necessary and therefore the Chatram Cook has now been employed in the Muzrai Branch of the District Office in maintaining To. & From Registers and attending to miscellaneous Correspondence

As regards the Establishment required for the Muzrai Branch of this District, he begs to invite reference to his letter Nos 1423/S dt 16th December 1904 and 58/S dt 18th July 1905

On page 10 of this note the Muzrai Secretary has stated that "the only necessary way of getting funds seems to be to continue the stoppage of feeding which was ordered by the Dy Comr in April 1902"

Muzrai Secretary's Remarks.

The really important question in this case is that of the construction of a New Chat-tram in the place of the old one which has been demolished. The site where the building has to be constructed has not been definitely settled. The old site near the Kesavadevaru temple has been objected to by the former Deputy Commissioner Mr. Devaraj Urs as being very small and insanitary being in a very crowded locality. The acquisition of the neighbouring houses so as to provide more space is estimated to cost about Rs2200/-. The wishes of the people however is to have the new building on this spot. The other site Viz the Cart-stand is in a more open locality and does not involve any cost on account of the site, but it is situated in quite a corner of the town. The late Dewan also remarked that that spot was not desired by the people and also

also that it seemed to be low ground requiring additional cost for ~~its~~ its "formation". Under these circumstances, I think that the decision as to the site may be left for still further consideration, attention being directed now to the provision of the necessary funds for cons--tructing the building. The present estimate is for ₹ 6000/-odd, while the amount at the credit of the Institution is only ₹ 2100/-, saved by the stoppage of feeding from 1902. A further amount of at least three or four thousand rupees has yet to be accumulated before the actual construction can be sanctioned. For this reason, the revival of feeding recommended by the Deputy Commissioner cannot, in my humble opinion, be now approved. This view may be communicated to the Deputy Commissioner who may be asked to regularly draw the Tasdik amounts and credit the same to the funds of the institution.

As regards the employment of the cook for

Muzrai Secretariat. File No. of 190

clerical work in the District Office to do Muzrai work, I think that the strong recommendation of the Deputy Commissioner in this behalf may be complied with.

96 Submitted to the II Councillor.

9/8/06

I approve of the above proposals and would add that the Cook who is really a Vernacular Clerk in the Dy Commrs Office should be at once dispensed with & the amount so saved credited to the Chatram fund — I fear such misuse of Chatram staff is too common in some of the Districts

Sir,

I have the honor to submit herewith a Supplemental estimate amount ing to Rs 398 for additional repairs to the Anna bhattram at Hassan as pointed out during the inspection of the Muzrai Superintendent in December last. The estimate Sanctioned in Proceedings No: 1067-8 Muz 61-95 dated 8th April 1896 is being worked out.

2. There is only a sum of Rs 128-12-9 at the credit of this bhattram up to end of January/97. The balance viz Rs 264-3-3 to make up the estimate may be sanctioned out of the grant of Rs 15,000

In Savings bank Rs 72-8-3
"Notahead" Rs 39-10-6
"Surplus" Rs 16-12-0

oned for such works in the Province in Government Proceedings No: 809/105-92 dated 3rd February/96.

3. Most of the items included in this estimate have been worked out in accordance with the personal instruction above adverted to. I request therefore that early sanction may kindly be accorded.

I have the honor to be

Sir,

I have the honor to state that the Government Annachatra at Hassan is in such a dilapidated condition that the repairs which may be executed, shall cost more than a thousand Rupees. But the

building is in a very insanitary place there being drains running all round it. The Assistant Surgeon is also of the same opinion.

2. I would therefore propose that the erection of a new Chatrum at a place near to the town, courts and the bank, would be convenient to the travellers and persons coming to courts I have ordered the feeding to be stopped since the outbreak of plague last year, so that the savings may be accumulated to meet the cost of the erection

3. The old building if sold, will also contribute a good amount towards the construction -

of

of the new Chaltram.

11. I have ordered a plan and estimates to be prepared which when ready will be submitted for sanction.

Sir,

With reference to Government Proceedings No. 2229 Mysore F. 61-93 dated 13th May 1903 calling for certain particulars regarding the Government Chattram at Hassan I have the honour

to

to submit herewith a Plan
estimate amounting to Rs 6503 for
constructing a new building for the
Chattram.

2. There is an old Anjaneya
temple on the site of the old Chattram &
building.

3.(i) At the end of August 1904
there was a sum of Rs 1927-2-10 at
the credit of the Chattram. Since the
closing of the Chattram the allotment
is being regularly drawn from the
Treasury and credited to the
Chattram funds.

(ii) Nothing is required to be
paid for a new site for the Chattram
building as the existing cart stand
at the south-western extremity of
the town was proposed by Mr
D. Devaraj Urs to be utilised for
the Anna Chattram. The
townspeople however are in
favour of the Chattram being
erected on the old site and the

Murgai Secretary was in favour of the same after inspection of both spots when he visited Hassan last months although Mr D. Devaraj Urs objected to it on the ground that it is situated in a crowded locality of the town which is an important consideration in these days of Plague epedemics. The old site is not spacious enough for a suitable compound for the Chattram building and some houses to the north and west of the site would have to be acquired necessitating an additional cost. A rough sketch of such houses is attached to the file of vernacular papers.

(iii) The old Chattram building does not exist having fallen down and materials removed sometime ago.

(iv) It is proposed to conduct feeding in a private Chattram building outside the town till a new

building

building is erected.

4. Since there are insufficient funds at the credit of the institution to construct a new building I beg that Government may be pleased to sanction out of the State grant the additional amount required.

5. Vernacular papers ending with Hassan Amildar's report No 85 dated 14th October 1924 are herewith submitted.

Sir,

Adverting to your communications noted in the margin* calling for certain particulars regarding the construction of a Chattram at Hassan, I have the honor to state as follows:-

1. The amount of Compensation required for acquiring the houses situated to the west and north of the old Chattram site in the town will be Rupees 2028 as per the Manager of the Municipality. The late Mr. A.P. Narasimhaiya's house to the west is estimated at 1641 Rs/-, Mr. Krishnappa's house to the north at Rs 357/- and one Rangaiya Shetty's ditto at Rupees 30/-. The total cost would amount to Rs 8531 inclusive of Rs 6503 which is the Estimated expenditure

* Docket No 2245 dated 15-12-04.
No 3214 dated 24-2-05
O.M. No 734 dated 5th 8-05.

expenditure necessary for the construction of a new building. The suggestion of the Amildar of Hassan Taluk to utilize the late Mr. Narasimhaiya's house for a chattram cannot be supported, as the building even after effecting the necessary repairs would not last long —

2 — The house of the late Mr. Raghavendra Rao (whose widow prays for the house being taken over for Chattram purposes) though situated in a healthy locality, was constructed for a private dwelling and is too small and unsuited for purposes of a chattram. It would require about Rs 2500/- to complete the un-finished work in the house and to construct out-houses, compound walls and for deepening the well. In addition, the purchase value of the house would amount to Rs 1920/- as per Mahazar of the people living in the northern extention of the town. — Moreover, the building is situated in a very unsuitable part far away from shops &c which would be of much inconvenience to travellers. —

3 — The existing cart-stand at the South-Western extremity of the town near the Civil Hospital was proposed by Mr. D. Devarajiah to be utilized as the site for the new chattram. This and the old chattram site in the town have been inspected by the Musrafi Secretary during his tour visit to Hassan in September last. — In a Sanitary point of view, in these days of Plague & other epidemics the cart stand site is undoubtedly the best and it is also not too far from the shops of the town

town - Both the townspeople are in favour of the Chattram being built on the old site near the Keshavadevaru Temple as most central & convenient for marriages & temporary lodgings of gurus and others who may visit the town.

4— Out of the Jasdik grant of Rupees 57-6-0 per mensem assigned to the Chattram, Rupees 6/- per month is paid to the Mirzai Gymnastic who is working in the Taluk, Rupees 3/- to the Puranik who recites Purana daily in the Agrahar and Rupees 6/- to the Chattram Cook who has been writing the Kannarese Registers of the Mirzai Department in the District Office. - The remaining amount of Rs 42-6-0 is being credited to the funds of the Chattram monthly - The total amount now at the credit of the Chattram is Rs 2167-2-9.

5— As much inconvenience is felt by the travelling public for want of an Anna chattram, pending construction of a new building, the government may be pleased to sanction the feeding being conducted in Hassan Krishnappa's Chattram, the managing proprietor of which has consented to give some rooms for the purpose.

6. The Vernacular papers ending with the Hassan Taluk Amildar's report No 91 dated 12-8-05 are herein enclosed for reference - The petition of Seethamma received with your docket No 3214 dated 24th February 1905 and the plan and estimate for Rs 6503/- for constructing a new chattram received with your docket No 2245 dated 15th December 1904 are herewith retransmitted

Govt however observe that there is strong local feeling against the transfer of the Chattram from the present site, about which no inconvenience was ever felt or expressed by the public. On the other hand, it is stated that the townspeople would have the Chattram built on the old site itself on the ground that it would be near the Sri Kesavadevaru temple and would be most central and convenient to the persons resorting to it. Moreover the cart-stand referred to is understood to be rather low and the formation of the ground and the construction of a Chattram thereon will be costly In these circumstances, the Deputy Commissioner is requested to re-consider the matter and favor Govt with his opinion thereon at an early date.

2. It is also reported that out of the monthly cash grant of Rs 57- 6-0 per mensem assigned to the Chattram, Rs 15/- are spent as noted in the margin and the balance is saved and accumulated for the construction of the Chattram. The Govt do not see why the ~~part too charged~~ pay of the Cook should still be paid from out of the funds of ~~that~~ the Chattram and they therefore direct that ~~it~~ may be discontinued, ~~paying only Rs 3/- to the Puranik~~. A report as to the action taken in this matter should be submitted to Govt along with the information called for in para 1 supra.

Sir,

Adverting to Government Proceedings No. 3631 of the 1st instant calling for certain further particulars re: construction of an Anna Chattram at Hassan, I have the honor to state that there seems to be no objection to the Chattram in question being constructed on the available old site in the event of the adjoining houses referred to in my letter No. 315 dated 19th September 1905 are acquired for extending the building.

building. The amount of compensation payable to the owners of the houses to be acquired is ~~Rs~~ 2,028 excluding the cost of construction as already reported in my letter quoted above.

2 — With reference to the 2nd para of the Government Order under reference, that the services of the Chattram cooks should be dispensed with, I beg to invite your kind attention to para 5 of my letter referred to above in which I had solicited that much inconvenience was felt by the travelling public for want of an Anna Chattram and that pending construction of a new Anna Chattram, the feeding might be conducted in Hajee Krishnappa's Chattram in Hajee Town. As no orders, on this proposal have yet been passed, I beg that you will

Kindly

kindly obtain sanction of Government to the same.

7, 3 —. As the services of a cook will be quite necessary, if Government be pleased to sanction the said proposal and as it will be very difficult to secure the services of a suitable cook when required, I have in anticipation of sanction retained the present cook Subramaniya in service pending further orders of Government in the matter.

4 —. The correspondence in the Mangalore branch of the District office is on the increase and as no establishment has yet been sanctioned to carry on the same in my office although I have fully represented the great necessity for sanction of some establishment to regularly carry on such correspondence, in my letters No. 423/Secy dated 16th December 1904 and No. 58/S dated 18th/22nd July 1905.

B

I have not yet received any reply to either of these letters. The above mentioned Subbramanaiya has been employed in maintaining "From" and "To" Registers and attending to miscellaneous correspondence connected with the Inzarai branch of my office such as picking up references, issuing reminders to Talukds &c.

5—. The enclosures received with the above are herewith resubmitted.
